

# **California Society of Safety & Security Professionals**

**December 4, 2021**

**Zoom On-Line Webinar  
9 - 11 am**

A meeting invite was sent to your email address on file with us by Peter Gin via Dan Leiner on 11/29/2020.

Please make time to create your free Zoom account before the webinar date if you have not been on a Zoom call before.

# CSSSP

## California Society of Safety & Security Professionals Los Angeles County Chapter

Volume 127

December 2020

### **New Meeting Location**

Zoom On-Line Webinar  
9 - 11 am

### **Speaker**

We will be having a presentation by Mr. Crist Wagner on Hand Gun safety. He holds a Masters degree in Administration of Justice, and Bachelors degree in Industrial Engineering. He has worked in law enforcement for many years before retiring. He held certifications such as Certified Protection Professional, Anti-Terrorism Specialist and Certified Fraud Examiner.

### **No Lunch**

Please take a moment now and follow the instructions to create a free Zoom account before that date if you have not been on a Zoom conference call before. It is best to get this set up before the webinar date so you don't have technical issues that day.

We look forward to connecting up with you all with this new normal.

### **President's Message**

Hello and good day everyone, I hope this finds you all in the best of health and out of harm's way. You all know it's been one heck of a crazy year and who knows what's in store for the upcoming new year but I'm hoping and wishing the best for us all.

I hope you all have a wonderful Thanksgiving holiday this year as much as you could have, with so many restrictions, it's pretty hard to do anything these days with family and friends.

With Christmas just around the corner I'm wishing you all the best this year's holiday season and hopefully a better new year.

Again, I want to emphasize the importance of being safe whenever you're out shopping for gifts and around people in public, the buddy system seems to work the best and is really safer than shopping alone, always keep your eye out for strangers and expect the unexpected, you just never know when someone is going to pop off and always keep track of your credit card usage when shopping, people seem to be taken advantage of now more than ever, a sad fact but a true one. So please inform family members and friends to watch each other when you're out and about. It seems that online shopping is the safest way to shop but I know a lot of us like to go out and soak up the holiday season decorations and whatnots so if you do, I implore you to be safe as much as you can.

And lastly, I wish to convey my deepest condolences to anyone who has lost a family member or a friend this year due to COVID-19 or any other ailment, I know it's been hard for so many of us when dealing with a loved one who passed away this year, but for me? My family member is in a much better place now and may all of our loved ones forever rest in peace in God's ever loving arms.

So I wish everyone a very Merry Christmas and a Happy New Year and hopefully it will be a better new year for us all.

Mario Quintanar  
President

## CSSSP December 2020 Meeting

We will be continuing with the on-line Zoom meeting format for our December meeting. We will continue to hold the webinars on the same day as our lunch meetings, the first Friday of even number months (February, April, June, August, October, and December). Instead of lunch gatherings, we will hold webinars from 9:00 AM to 11:00 AM.

Our webinar will be held on Friday, December 4th and will be a presentation by Mr. Crist Wagner on Hand Gun Safety.

We will be using Zoom as our webinar platform. To make logging on to the webinar seamless on December 4th, please visit [www.zoom.us](http://www.zoom.us) and create a free Zoom account prior to the meeting. Your computer does not need a camera, you can still listen and view the webinar. Stephanie Spann has sent you an invite to join in this scheduled Zoom meeting on

Join Zoon Meeting - click to Open Hyperlink below. You will need to provide your name and email address so the system recognizes you.

## FIREARMS SAFETY IN YOUR HOME

- Always keep the firearm's muzzle pointed in a safe direction. A "safe direction" means that the gun is pointed so that even if an accidental discharge occurred, it would not result in injury.
- Always keep your finger off the trigger until you actually intend to shoot. When handling a gun, rest your finger outside the trigger guard or along the side of the gun. Don't touch the trigger until you are actually ready to fire.
- Firearms should be unloaded when not actually in use. Whenever you pick up a gun, such as when removing it from or returning it to storage, remember to point it in a safe direction and make sure it is unloaded.
- Be sure you know how your firearm operates: read the manual on your firearm, know how to safely open and close the action of the firearm and know how to safely remove any ammunition from the firearm and its magazine.
- Store your firearms in a locked cabinet, safe, gun vault or storage case when not in use, ensuring they are in a location inaccessible by children and cannot be handled by anyone without your permission.
- Store your ammunition in a locked location separate from firearms.

- Use a gun locking device that renders the firearm inoperable when not in use. A gun lock should be used as an additional safety precaution and not as a substitute for secure storage.
- Make sure young people in your home are aware of and understand the safety guidelines concerning firearms. Teach them that if they find an unattended firearm in their home or a neighbor's to not touch it, and tell an adult.
- Always unload, clean and place your firearms in their secure storage location immediately after returning from a hunting trip or a day at the range.
- Educate everyone in your family about firearms safety.
- Quality ear and eye protection should always be worn when shooting or observing.
- Don't run, jump or climb with a loaded firearm.
- Avoid alcoholic beverages before and during shooting. Also avoid mind or behavior-altering medicines or drugs.
- The transportation of firearms is regulated by national and local laws. Always transport your firearm in a safe, unloaded condition and in accordance with applicable law.
